

The Mosport International Karting Association is proud to release the 2012 schedule for our Club events. Not much has changed in this year's schedule, but here are the highlights for this, our fifth anniversary season:

- We will once again make two trips to Goodwood Kartways in 2012. Once for the race before the Eastern Canadian Karting Championship event and once for the traditional Goodwood "Thunder Under the Lights" event in September.
- The Mosport "King of the Hill" race continues to take place on the Saturday of Labour Day weekend at the Mosport Driver Development Track. Practice for this event is scheduled to take place on the Friday.
- Summerfest this year will take place on July 14th and 15th and will once again offer amazing prizes and fun!
- A new event has been added in August. A second Summer Double Header on August 18th and August 19th.
- Another new event is the creation of Enduro Weekend rather than the traditional one-day Enduro. Details on this event will be forth-coming.

Without any further ado, here is the 2012 MIKA Schedule:

The Mosport International Karting Association is pleased to announce the creation of a new Senior class for the Briggs and Stratton L206 engine. This does not replace the Honda Senior class, but allows more of a option for those new to the sport and long time vets alike. Class weight is still being decided and will be discussed at the Spring Meeting. The Honda Novice and Honda Cadet class has been put on the shelf for 2012 due to low numbers and to make room for the Briggs class during the race day. MIK's regular Arrive-and-Drive program will be filling the void for Honda Novice and Honda Cadet in 2012.

If you are interested in joining this class or have any questions regarding the 2012 schedule, please contact Ken Flute at ken@mosportinternationalkarting.com or call the track at 905-983-9500.
